

Interactive Experiences & Visual Resources

- **Explore Ancient Egypt (NOVA)**

Embark on a virtual journey through the Giza Plateau and ancient Thebes with 360° panoramas and detailed imagery. This interactive allows users to "walk around" the Sphinx, enter the Great Pyramid, and visit tombs and temples. ([PBS](#))

- **Pyramids: The Inside Story (NOVA)**

Delve into the construction and significance of Egypt's pyramids. This resource offers insights into archaeological work, theories about pyramid builders, and the spiritual beliefs associated with these monumental structures. ([PBS](#))

- **The Nile File (National Museums Liverpool)**

Use your knowledge of Egypt to help a young ancient Egyptian on their journey to become a scribe. ([Game](#))

- **The Virtual Egyptian Museum (California Institute of World Archaeology)**

The Senusret Collection was gathered from old European private collections. ([View](#))

- **Ancient Egypt (Teacher's Pet)**

From pharaohs and pyramids to mummification and hieroglyphics, these interactive activities, fact files, and lesson plans bring history to life in the primary classroom. Perfect for exploring ancient civilisations, daily life in Egypt, and the impact of this fascinating era on the modern world. ([Teacher's Pet](#))
